

As President at Callaway Architecture, Scott Stone is a licensed Architect with extensive experience in managing various project types and teams during all aspects of Architecture. He manages Design, preparation of Construction Documents, Construction Administration and Development Services.

Scott's experience, ability to be a creative problem solver and his guidance thru the process results in team proficiency for successful projects. He is skilled at analyzing the design vision, addressing challenges and translating it into functional architectural solutions. Scott values the relationship with clients as well as his team members.

His project expertise includes specialty Healthcare, Medical Office, Multi-Family and Commercial facilities. Scott is responsible for the daily management and direction of projects as they progress from schematics thru construction documents. He has over twenty years of experience and is a proud graduate of Louisiana State University's school of Architecture.
